Pigeon breeder

Andreas Stemmer

Hello carrier pigeon friends,

many thanks for the interest in my first breeding catalogue.

So that your one small image(performance) has with whom you have to do it, here a few info about me.

I am 27 years old. I have the passion for the carrier pigeons from my grandfather and uncle who have taken me already as an infant with in the pigeon-loft.

From 1998-2002 I inserted a deaf break, but I quickly noticed who did not let go me my hobby, nevertheless. So I started in 2002 again. The last autumn I built to me a new garden blow and hope also this his(its) services fulfills.

I hope You like my catalogue and please me about a call.

Many thanks
